“ I was fortunate to have worked in a role that carried me across the plant and meeting Randall occasionally. We did not work side by side because we were in different departments. We would meet in passing by and sometimes in operation. He was always friendly to me and approachable when many others were not. That will serve as my memory of a man that I respected because of his pleasant mannerism.

“ My sincere condolences to the Whiddon family. Randall, whom I amusedly referred to as "Ol Country", had a forthright and simple disposition.
