“ *I will miss my Grandma Hill, who raised 7+ kids, was an encouragement to me as I raised my 4 kids that I would survive. :) We also shared a love for dirt, gardening, and all things green and beautiful!*

“ *I saw her daylilies so often that I began to love them too. They were so beautiful that the love of them grew on me. I now have several of her shared flowers. They will continue to grow , though she is gone. They will always have a special place in my heart I know all the people who share her flowers will remember her through them.*

“ Alice was an inspiration to me and I appreciated her love and caring for me & my children. She was always a giving person I never took the kids or grandkids to see her that she didn't make sure that she had fixed something that they loved to eat. I enjoyed walking thru her flowers and listening to her talk about them. She was an excellent cook and shared many recipes with me and taught me how to cook thru watching her prepare favorites for the family & Mr. Hill. I so enjoyed those days in Tifton setting in the kitchen watching her cook. Every time I see a recipe for a pound cake or divinity I think of her making them. She will truly be missed. Thank you Ms.Alice for the memories you were a wonderful mother in-law you always made me feel like one of your children.
