“ I always try to give cards to all co-workers just to acknowledge it and let them know I care. You know, just one of my things. You would always let me know if I slipped up, so consider this your card please.

I feel so sad about your WAY TOO EARLY demise. You were a joy to be around and I have sympathy for those who did not get to know the true you. I did and I feel very blessed to have had that type of relationship with you. You had a very big heart you didn't want anyone to know about and you loved bragging on your family. You would just light-up.

I'm lighting a candle to help celebrate your birthday today. You are pain free at home in heaven now and I'm almost positive you have some form of a Starburst Jellybean desert. I'll think of you every time I see them and I'll buy a bag in your memory. You will be dearly missed.

Go rest high Worth 9, we'll take it from here.....
