“ *Barry was one of the finest gentlemen I've ever had the pleasure to know. At work, he was an expert Equipment Specialist always striving to provide the best support possible to the Marines. Barry will be greatly missed. God bless Marge and the Richards' family.*

“ *I worked with Barry for many years at the Marine Base. He was a good friend to me, a person easy to work with, and especially wonderful when at the end of the day my car wouldn't start. He got me diagnosed, started and sent me on my way to get it repaired. I know you will miss him and I pray that God will fill that void with many warm memories.*

“ Barry and I have been co-workers and friends for many years. Barry was a person you could ask anything of him and he would do or give you anything possible to help you out. He was very dedicated to his job and the people he supported in any branch of service. I was proud to have known him and work with him and he is and will always be missed. I know he is resting peacefully and I wish his family the best.

“ For many years Barry was the Marine I consulted for help on many, many technical issues I was involved in with a large system's logistics management. I will always remember Barry's leadership by example, his patience, generosity, knowledge and teaching skills as he helped me and my colleagues support the Marine Corps. There is no doubt, Barry's contribution to our success was very significant and we knew it; in fact, anyone who met Barry was a better person for the experience. My condolences to his family; Barry will be missed.
