“ Uncle Dewey was the epitome of a strong, quiet protector. He always allowed us, as children playing on the farm, to take calculated risks and enjoy adventures, but was there to make sure we were safe and to pick us up when we really needed it. Dewey was generous with his time and talents, but never looked for recognition when he quietly stepped in to help out wherever he was needed. My love and prayers go out to all of the family and friends who will miss him so desperately. I am grateful for the memories and hope that those left behind will take comfort in their precious memories and the assurance that he has now received a great reward in heaven.
