“ There are those that bring a light so great to the world that even when they are gone the light remains. Doc is that light, he will guide you in the dark days Paula, all you have to do is hold out your hand. Doc touched many lives, and we are all better people for having known him. We love you and will miss you.

“ *Mrs. Paula, Kayse, Jakin, Nick, Jacey, and Shae, Our hearts of hurting with you in the loss of Doc. He fought the fight of a warrior and never lacked in courage or faith. Of course we are biased, but we think his greatest achievement in life was raising Kayse to be the man that he has become. All of his children and grandchildren are special, but Kayse just happens to be extra special to us. He is, after all, the reason we got the opportunity to know and love Doc, but he is also one our favorite students we have ever employed. Doc wouldn't claim Kayse as his favorite child though, because that position will always be held by Mona ... or so we were told.*

*We love you all -*
