“ *Ed was my very dear friend at Procter and Gamble. He taught me so very much about maintenance and the equipment in Tissue. I guess he kinda took me under his wing. He was an awesome person. He loved talking about his wife Betty and his grandson Critt. I think Critt may have been his only one at the time. Family was sure important to him. Rest in peace Ed.*

“ For many years I worked in the occasional presence of Ed, particularly if my converting equipment needed repair, but also in meetings or at lunch. To me he was a light hearted kind man with a whimsical sense of humor. There was so much pressure and stress at P&G to deal with every day. None of that chaos seemed to affect Ed. He was steadfast in nature. You could depend on him and he was always willing to do his part to make the shift go better. I will keep fond memories of this friendly coworker forever.

I pray for strength for his family and hope that they will meet again. He will be watching over you like a star in Heaven . I have very fond memories of my time as a child spending time with my Uncle Jr and Aunt Betty. I will cherish those memories forever. He was very funny and yes he loved his family.
