If there is one thing Eloise would have listed at the very Top of her "Lifes, Thank You list", "Each and every single customer she ever had!" When Eloise and a New Customer both AGREED the Hair was done.. Eloise would instantly go over to her Desk, get a blank Index card and the customers Name and phone, and then a detailed record of everything tried, true, didnt works, the solutions, and the final results of The New Customers visit.

This practice of keeping records allowed mother to recall in detail, everything she needed, and there's ALOT she needed to get that "ear to ear grin" and the neck hugs that recharged and inspired and reinforced all of the reasons cosmetology was the life and career she dreamed of becoming from about age 13.

Eloise P. Dawson Thanked every customer she ever had, each and every day she was on this earth. You ment every goal, laugh, good time, fishing trip, July 4th Celebration, Hair Show, and every bit of the Person We All Loved, She Thanks YOU, FOR THE OPPORTUNITY TO BECOME YOUR "I gotta get to Eloise's and get my hair done" Hair Stylist.

Thank You!
