“ I'm so sorry to hear about Gary. We went to ABAC together too. Also, Debbie and I were in the same grade going to school. Gary and I spent so much time together that semester. He was the school's photographer n took so many great photos. We would go to the library together and study. We shared our food and would pool our money and walk downtown to a small restaurant all the while talking about the books we had read n shared. I still have a history book he gave me. We had volleyball together. I transferred the next semester but we stayed in touch for years. He came to my sister's funeral and that meant a lot to me. He was so intelligent and so nice. I'm deeply sorry to hear about his passing. He was a wonderful person. Y'all have my deepest condolences. Ginger Brown
