“ *My grandma Ann was the angel we all needed. She was always just a phone call away and was there for each and every one of us without judgement no matter what. She was the sweetest most genuine and loving soul I've ever come across. Truly an angel on earth. She will be missed more than words can express. She taught me many things but the one thing she instilled in me the most was how important it is to have a relationship with God. I know she'll be watching over us and even though she's gone I am left with many great memories that will last a lifetime 🌸*
