“ *I rode by his home today and wondered how he was doing. Sad to see that he has passed. He was Head of engineering when I worked at Beatrice Hunt Wesson. It changed names a few times and ended with ConAgra. Sympathy to all of his family. 🙏❤️*

“ I enjoyed a couple of times I had the chance to sit with Mr. Day and listen to him tell me about his time he served in the Navy. As I sat there and listen, I watched him smile as he told me all his stories. I was glad I got to meet him and those times I got to sit and listen to him talk about the Navy.

Fair Winds and following seas Mr. Day. We have the watch.
