“ *Glenda, and my family were very close in my early years. We are distant cousins but I always considered her as a close relative. I have many fond memories of times spent together. Glenda was a very kind person and was always caring and helpful to me and my family. Especially to my Brother Ray. She was very helpful in supporting him with his mental health problems. Ray passed in 1992 from various problems. I will always be in debt to Glenda for her assistance and caring concern for Ray. Glenda will always be remembered. My condolences and prayers are sent to her family for the loss of such a wonderful and caring person.*
