“ *R. L, and other family members. I am saddened for you at the loss of your mother. Losing a mother is something that eats at our heart because they brought us to this world and meant so much to us. As I have learned to do over the past 23 years, try to remember as much of the wonderful times, as possible, that each of you spent with her and always know how special each of you were to her. May God Bless each of you in the coming days, months and years as you think of that wonderful lady that brought you so much joy.*
