“ *Bonnie, Stan & Judy, So very sorry for your loss. I have such fond memories of Clyde in GTMO. She helped me to survive there by teaching me to fish!!! Loved the many times spent with her out on the water bringing in red snapper. Fun times! My deepest sympathies. Carolyn*

“ *When I was little I had German measles and had to stay in bed ten days. Aunt Clyde made a pretty box for me - tissue paper and ribbons and it had ten presents. One for each day, I couldn't wait till the next day to open the next present. Paper dolls, a coloring book, how did she think of so many? Anyway she made a bad time fun.*
