“ I'll say this for both me and Kaylee even though Kaylee has much more to say (I do to... trust me) but lane you were and still will always be our best friend, our older brother. you'd always look out for us and had our backs. I never got to tell you how much I love you and it makes me upset and angry every second of every day. you were so special and deserved the world, and EVERYONE knew you had the best humor, I see old videos of us and still imagine you are here because it was so recent, I haven't gotten to hug you in three years lane it makes me upset you left me and Kaylee but I'm not mad at you. I love you more then you ever knew lane.
