“ *Unfortunately I moved away from Albanyband lost contact with Wendy. She was a wonderful friend and I am sure it took a wonderful man for her to get married. Your family is in my thoughts and prayers.*

“Daddy Joey I sure do miss you. You have no idea how much you meant to me you truly were my daddy! I remember how we always used to make momma think we were fighting and she would come in there screaming "yall stop it there is no need to fight about it" and when she walked in me and daddy joey would have a big smile on our face and laugh and mama would get so mad! All of the memories we shared together i will never forget. Even when we did fight you wouldnt stay mad at me for more than ten minutes. I will never forget how you would always make my friends call you sir and all of my friends loved you because you were so funny when they hung out with me they would always want to see you so they could laugh about the crazy things you said. I remember two days before all of this you told me "Katelyn I am going to meet your next boyfriend" and i told you you werent gonna meet him but i guess you get to meet all of my friends because now i know you are always with me watching over me. I really wish i could hug you one last time and tell you how much I love you. If heaven werent so far away I would definately take the trip to come see you. And to my mom hang in there because you will always have me and daniel by your side through everything and I wish things were different but just know you will always have us and daddy joey is right there by your side through everything you do! I love you Daddy Joey you are truly missed !
