“ Hey Dad. Happy Father’s Day. I miss you- I miss you every day. Amazing how what used to be a “Oh! Let me call dad” turned into something that I’d give anything in the world to be able to do again. I love you and think of you every day. You’re especially in my thoughts on days like today. I love you. I miss you so much. Happy Father’s Dad dad.

“ Hey Dad. I’m sorry I haven’t written on here in a while- a year almost actually. I’ve wanted to a few times, and I tell myself it’s because “life’s gets busy”, but we know it’s just because it means I have to acknowledge that you’re gone still. I love you dad. I miss you and think about you every day. Every single day. I miss you.

“ Hi dad. It’s Sep 20th. Just sitting here thinking of you. Missing just being able to call you. Most days I feel ok, but there’s days that it just seems insurmountable- tonight is one of those days. I know this isn’t the purpose of this post, but it feels like it helps me talk to you, and I kinda need that sometimes. I miss you dad. I just want to hear you again. I love you.

“ So this is the first Father’s Day weekend when I can’t call and talk to you. Most days I’m usually ok, but this morning it hit a little harder. I miss you dad. I love you. Every day.

“ I’m be been thinking of dad a lot this week. I miss the chances to call to just talk- about nothing in particular, just to hear one another. I miss you dad. I love you.
