“ *My deepest condolences to the family and friends of Johnny. I worked in the Benefits Office at P&G and never worked directly with him on the floor but I helped him from time to time in the office. Johnny was one of those people who was always polite and had a smile on his face. I'm so sorry he has left this world so soon.*

“ I remember Johnny from high school. He and my brother were good friends. My fondest memory of Johnny was when he rode the zipper at the local fair with me. When I met one of his sisters later in life and I told her what he did she was shocked because she said Johnny hated riding rides. But he was kind to me because that's who he was inside. If my memory is correct Johnny played quarterback at Dougherty high school. The girls always liked the quarterback but he was liked by everyone. A great young guy who turned into an awesome person. My husband didn't know Johnny from Dougherty but met him at P&G. Richard thought Johnny was a great guy. My brother, my husband and I will always cherish the memories we have of a good man named Johnny Cooper. My he be at peace and will remain in our hearts forever.
