“ Some of the greatest good fortune life has to offer is a good friend. John and I were classmates at Paxon and members of the Key Club. That opened the door to a friendship I grew to treasure. However, the door came wide open beginning on a September day in 1966 as I lugged several suitcases up the stairwell of Sledd G, a dormitory at the University of Florida. At the designated room I saw a note on the door. It was alleged to be from a couple of guys from India and it went on and on about how excited they were to have an American roommate and how they would try and keep the windows open when they cooked their animal sacrifices to their gods. Disappointedly I knocked on the door. As it slowly opened, two rather large heads appeared, John McPhaul and Lamar Whitehead! Blue & Gold we love thee, Amen! It seems inadequate to say John was a GREAT friend. The handball courts were right outside our dorm. Being somewhat ambidextrous, I become addicted to the sport BUT thankfully, John brought some attention to studying. I remember him "talking" to Lamar and me about how hard our families worked and sacrificed for us to attend UF and how we owed it to them and ourselves to get a good education. I could never have made it through the engineering school like John did, but with John's help, he and I were the doubles handball intermural champs and we both got some parchment from UF. John always had my back when my big mouth sometimes almost got me in trouble! His kindness will always be with me. May that same kindness be visited upon all of you, his dear friends & family!!! Blue & Gold, Blue & Orange, and True Blue!!! Big John

“ I was saddened to hear the news of John passing. We worked many years on the CBI MOX Project. He was a wonderful person with a keen sense of humor. I recall hearing his phone barking and often wondered who would be calling. Then there was the precious Christmas picture memories of kids with sparkles in their eyes from seeing Santa. John was a very special friend. Shellie, praying for you and the family during this time.

“ John was my uncle thru marriage. My mother (Lizzie Stephenson) was his SIL. We all enjoyed Johns company for many years. He was always giving me advice on life choices, which I needed at the time. We shared a love of good food and a lot of cream cheese on our bagels. I hadn't seen John in many years but we continued to communicate via social media. I loved Uncle John and will miss our brief, but comforting conversations. ❤️

I first met John at Thomas Jefferson in the 4th grade. We went through school together and played football in high school. I have known him longer than any of my other high school classmates. Tried many times to have him come to our reunions but work, health and other issues always prevented him from coming. He had such a unique laugh and was always upbeat and positive. He could be serious and had wisdom beyond his years. Always hope we could meet again before our time came. I will just have to wait a little longer to see him again. My condolences to his family for their loss. He was loved and will be missed by so many. God bless you John.

I've also know John for most of my life, we went to grammar school and later Paxon Jr and Sr Hight. We grew up in the Normandy area where we attended school and afternoon activities through out our lives. We all cared for each other as children but as we grew older, we learned to appreciate one another. John was so much a part of our youth and I'm grateful that I was a part of his childhood. Rest in peace my dear friend, we love you and will miss you.

Like a number of others, I met John in 8th grade in Latin, Math, English & about every other class except band & P.E. I'd like to say we were special buddies from then until the weekend he died, but perhaps he made everyone feel like that. I have everything he ever gave me, plus some more. We went to Orlando for Latin Forum when there was only 1 two story motel/hotel there. We went on our first trip to NYC & he never left my side--except for room checks. He said he was honored to walk with me at our high school graduation, but I was the honored one. He always escorted me to attend mid-night Christmas Eve services. At UF, he lived on campus & my mother would drive me down to see him & now, living here, I kept telling him about all the changes to Gainesville. When I lived in New Zealand, we wrote many, many letters to each other & he kept in touch with my mother, while I was abroad. I have not seen him since 1979 when I was very pregnant with my only child.& we were at his father's funeral where I met his first wife Ann, who has passed away. AND thankfully, he met Shelly & her family. My heart is broken, but my sympathies go out to Shelly & Henry most of all! Reading everything anyone has said about John, lets me know the world will not be the same without him There will never come a day when we stop thinking of him & his absence, because NOBODY can fill the void that John once filled with all of his kindness, humor, love of life & generous spirit.

Rest in Peace dear friend. You deserve it John-John!!!!.

With all my love & respect to the "BEST of the BEST FRIENDS" EVER & FOREVER,

LIZ (Elizabeth McClain Jenkins)
