“ *NeverG'Bye*

Rising sun. June 5th, many moons ago

Forever etched in my heart Feb 25, 2024

This will never be goodbye

As it's too hard to not sit and cry

You better haunt me to my ending day

Show me signs in all the given ways

The love we had and shared with the years

The damn is broken, here pour the tears

A celebration day as this was Momma birth

Now you succumbed and left the physical earth

The sorrow felt from these last missing times

Will always be voided with the passing chimes.

Never filled, never overflowing and such

Oh, dammit I really miss you so much.

Soar high in the heavens of your own choice.

As I simply remember your southern sultry voice.

Love you so much Kat. To the Moon and back, to infinity and beyond. ALWAYS

“ *Grandma, this still feels so unreal. We all miss*

you more than you could ever imagine. Going

to Aunt Janie's isn't the same because you're

not sitting in your spot at the end of the table

drinking your sunkist. I wish we could all wake

up from this and you'd still be here with us. I am blessed to have

been named after you. I love you to the moon and back endlessly

Grandma. I will always "shoot for the moon because the sky is not the limit".

Katherine was one of my best friends as well as my sister in law. She stood up with me when I married her brother. She loved with her whole heart, and never turned her back on anyone who needed her. She could out cook anyone. And never turned anyone away from her table. God made a special place in Heaven for Katherine. Rest in peace my sister. I'll see you again. Until then you will be missed. I'll always love you and never forget you.
