“ Rene was such an amazing person! I met her in Georgia for training where I gained so much wisdom and knowledge. I remember she drove me to lunch one day where I learned of her heart for prison ministry. She glorified God all during the training!! My prayers are for the loved ones left behind. We will see her again soon!!

“ Like so many other students, I met Renee at the on-site training in Sylvester GA. I thoroughly enjoyed the training she gave us on the Qest4. After the training class, I returned to Oklahoma. I periodically sent her questions as I continued learning. She was always ready to help! I learned so much from her. The on-site class was so good. Many times in my prayers since then, I have thanked God for the Qest4 technology and the training I received from Renee. Thank you so, so, so much, Renee!

“ *Renee and I met 35 years ago at Jim Havvard's Breemen, GA. We became good friends. She was the kindest person I have ever come across. Her teachings, her work, her enthusiasm were beyond of what is expected of a person in this type of industry. We will miss her dearly. Our deep sincere condolences to Buffy her sister and to Tyler her son.*

“ I met Renee in 2016 when we came for QEST4 training - all the memories I hold was of a highly competent, caring and deeply committed Christian woman, whose life and work, testimony and purpose shone with the Light of Christ and whose work ethic was relentless in making sure trainees were well equipped going out into practices to serve their local communities with the best knowledge, best skills and best intuition regarding how QEST4 / Asyra could help them! I held her dear and found her helpful beyond just the training - she was sympathetic and kind when I went through a divorce and she carried my heartache and was very kind to me - Renee your life radiated love and commitment and kindness! You will be remembered - much respect and with deep sadness and prayers of comfort for your loved ones! Dr Carin Smit - South Africa

“ We are so sad to hear of Renee’s passing, a tremendous loss for her family, the entire Natural Solutions team and the broader natural health community. Her depth of knowledge, clarity of teaching, and unwavering belief in the body’s innate intelligence left an indelible mark on all who trained under her.

For me personally, Renee was the one who broke through my medical skepticism 10 years ago during our week of training. The way she explained bioenergetics, in a language that spoke directly to me, changed everything. Her training didn’t just inform, it transformed the way I practice and how I viewed the human body.

Though I only saw her at trainings, spoke over the phone or listened to her videos, her wisdom and insight got stuck in my head. Her voice... you could recognize it from a while away, and it made you stop to listen. Her legacy will live on through each practitioner she equipped and each life touched by the tools she so passionately shared.

Our thoughts and prayers are with Tyler, Buffy, and the entire Natural Solutions family during this time of great loss.
