“ Harlan and I were saddened to learn of Elaine's passing. We thought a lot of her. She was one of Harlan's best customers and a long ago schoolmate with both of us. We both recall how smart she was and always willing to assist her peers who didn't readily grasp information as quickly as readily as she did. She will be missed by many.

“ I'm praying for you all and I'm so sad to hear about Miss Blackwell. She was a wonderful math teacher. I was in her 7th grade math class at Holley Middle School. And when there was a math problem that I did not understand. She was willing to help me as much as she could until I learned how to solve the problem. She will be really missed.

“ A message of sympathy in the loss of your dear loved one, please find comfort and strength in knowing that"God will wipe away the tears from your eyes and death will be no more, neither will mourning nor outcry nor pain be any more the former things have passed away."
