I have known Mickey almost 25 years. We first met shortly after I started working for DCPW. He and Chip were the first couple of people who friended me. This was in 2000. We have drank a few beers together and in all that time we never had a harsh word between us. This is what and how good of a true friend Mickey was to me. He was the same person every day and he was the same person and friend to everyone around him. He had a way to make you smile even if you were having a hard day. That's just who he was. I know that he loved his family very much and they him. Mickey you will be severely missed by everyone who came into contact with you. RIP my dear friend I will miss you until we meet again.

I'm so sorry for the loss of your husband's dad! It's tough to lose our close relatives so early in their lives. I feel for all of you! I lost my mom when she was 51. I was 25. Before my children were born. At least he met his grandchildren! Praying for all of you
