“ Rocky, Lisa, and family, I am so sorry to hear of your Mom's passing. I know, from very recent experience, the loss of a loved one that you have taken care of for several years. Watching their discomfort from the pains of, not being able to ease those pains from, watching their life deteriorate right before your very eyes from, and even hearing them wish their life was already over because of the pains, discomfort, the agony from kidney failure and having to endure dialysis is totally heart-wrenching. My thoughts and prayers are with you all.

Always hold precious the memories you've collected over the years and share them as often as you can with each other, family, friends and most especially don't forget to share them with her friends.
