“ *Michael was my childhood neighbor. I knew him as Hotdog. I have many memories of Michael. All of them involved him trying to make others smile & laugh.*

“ *Michael was my first boyfriend in High School. He was a talented artist who had a way with words on paper. We connected a few times over the years but hadn't spoken in some time. He was a large piece of my adolescent years and will be missed. However, I'm thankful he's at peace and rejoicing in heaven with Mrs Kay.*

“ *I met Michael in the 7th grade. He looked just like Brandon from 90210 to me :). Our class would always combine together when it was a movie day. We were able to catch up about 2 years ago. He was just as sweet then as he was in middle school. I am honored I had the privilege to be able to call him my friend. My prayers are with his family and friends.*

“ *My dear young friend. All of our other friends called him "Hotdog", but he and I had a unique friendship. He was and always will be known to me as "Hazel Blue". He was a kind person back in the day and liked everyone. He was a joy to be around, always making everyone laugh. He will be sorely missed.*
