“ *To Michael's family,
I wanted to express my most sincere sympathy for your loss. I came to know Michael while he was attending Moultrie Technical College. I was his advisor for the Surgical Technology program and had the privilege of being his instructor for the medical terminology course. He was an inspiration to me and other students as he exhibited persistence and determination to pursue his education in spite of the health challenges that he faced. He always expressed hope and never used his condition as an excuse to allow himself not to meet his educational obligations. Through our conversations it was very apparent to me that he loved his family and life and there is no doubt in my mind that he would have been a valuable team member and an asset to the medical profession. May God bless you at this difficult time and may your precious memories of Michael provide comfort in the days ahead.*

“ *Jennifer,
Tina and I saw Benita at the Mall today and she told us about the death of your husband. Just know that we are thinking of you and your family during this time. Just know that you will see him again one day. He is well now. It is never the same, but it does get easier eacy day. Just trust in God to get you through. You and your family are special to us. “ Jennifer and family,
Michael touched many lives in our transplant family...his positive attitude, his eagerness to learn all he could, his smile and view on life. Every time I talked with him, he inspired me. I am so sad that his transplant journey did not take the path we all hoped for. He will be missed and not forgotten. Keeping you all in my thoughts and prayers.
