“ I had the pleaseure of taking care of Mr. Connell while he was at the VA Medical Center. He grew on the staff very fast! And it was hard to deny that he was the life of the ward. His favorite thing to do was to "Go for a Ride", when a staff member would push him all around the hospital. He called everyone "baby" and he always told us that he loved us. He will be dearly missed. But I am so grateful that I was able to share a little bit of space and time with him.

Mrs. Connell take care of yourself, we will miss you and your spirit around the floor.
