“ *I'm truly gonna miss talking to my father-in-law about all types of garden items. He used to tell me about all of the fruits and trees in my yard and how to take care of them. We have hunted, fished, traveled, gardened, laughed, and cut the fool too many times to count in 24yrs. He will be truly missed by many. But he is in a better place with no pain or worries. Probably either sitting in a deer stand waiting for a big buck or fishing in a pond catching crappie or waiting for that big bass to bite. He was more like a dad to me than a father-in-law and we have alot of memories built together. Neil was survived with 9 grandchildren not 8 and 5 great grandchildren not 4. We Love Ya Dearly and Will Think of Ya Daily.*

“ *Uncle Neil is in a place with no more pain and suffering, but surely will be miss here on this earth. Our condolences to the family, especially his sweet wife Della. In the past few years we haven't been able to spend much time with he and Della but always kept them in our thoughts and prayers. The last conversation I had with Uncle Neil was how to cook creamed field corn, I passed the taste test. He loved his garden and was always wanting to share produce from it. We will miss you Uncle Neil and you will always be in our memories. We Loved Ya very much!!*
