“ Aunt Peggy was so special to me for many reasons. She always spent time with us when we visited Georgia in the summer. She treated us like people not just kids. She talked to us about important things but in her funny and crazy way. I guess that is why to this day, I still remember it. She would drive us to the little country store flying down that old rutty road with dust billowing behind the car. She would let us get a coke with peanuts and CANDY!! She would let all of us kids spend the night at her house which we loved! We could eat junk food, be silly and have fun! Her house was the place to be.

Being kids we would sometime...well a lot of times get in trouble....Terri, Connie, Cliff and Allen you know who I am talking about :) It was had to keep a straight face because she always had a cigarette hanging out of her mouth that would be dancing around while she was fussing at us.

It has always amazed me how laid back she could be but in the next minute she would be up and moving like lighting fast. I actually loved watching her work. She would literally do anything that needed to be done and she was strong! I love her commitment and love for her Daughter Mona.

Aunt Peggy was a strong willed and independent woman that would not take anything off of anyone! She was FUNNY!

I have a long drive home on work day so I would call her and she would make me laugh for my 1.5 drive. I will miss those calls!

Peggy we were lucky to have you as our Aunt and I love you!

Peggy and I were best friends in high school. I loved her dearly then and I still love her although our lives after graduation were spent a thousand miles apart. I will never forget that funny girl.
