“ *My Dad worked hard until his retirement, providing for his family. Then he enjoyed working on his farm. He loved his land, cows, horses, chickens, crops, pond. He loved the country. He especially loved his children. We were always welcomed in his home. Ms. Sue happily cooked for us and we all enjoyed sitting in the kitchen, talking, eating, telling stories of days gone by. Daddy would do anything within his power to help us, if we ask. He loved his children. In his last days, he repeatedly said, "I love you, I have a wonderful family". Daddy knew he was loved. We all will miss you so much. He is with Jesus now.*
