“ Tammie and I grew up together and shared so many classes through school. Who would have thought back then that our girls would grow up together and end up loving one another like sisters? So many trips back and forth to one another's homes, so many laughs and giggles and secrets shared. Tammie and I talked often back when the girls were growing up and my heart is happy that we were able to get both of them grown and in one piece! I would say there would never be another Tammie, but I think Greta is a close second. And I'm so glad she is!! Greta and Justin, you are both such blessings and your Mama was so proud of both of you. You and the grands were her heart. Know that all of us who love you will be holding you all in our prayers and thoughts and we will all be here for a hug anytime you need one. Me and Mr. Tommy love you!!!

“ Tammy was a rock. A wonderful mother and neighbor. She was like a second mom when I was a child and she always had something good cooking. I'll never forget her beef stroganoff. It was probably the easiest thing to make, but the way she made it with love for me and Greta made it my favorite meal. I still make it often for my family.

“ *A good bit of my fondest adolescent memories circled around Tammie and her family. She was the coolest Mom, and also the fiercest...you didn't mess with her cubs, and that also extended to Greta and Justin's close friends. There was never a dull moment around her. She will be greatly missed, and I thank God for having her in my life. Thank you Ms Tammie for all of the memories that I will laugh about and cherish forever....and you took the all night skate secret with you, I love you always!*
