“ *You were my second mother who helped raise me because our mother was blind and could not see you raised all eight of us You carried a big switch and a lot of orders. Whatever you said went You taught us how to cook, clean, sew and behave and always took us to church. You always gave us advice, whether it was personal, educational or job related. You were our big sister and we always loved you except for those times when you gave us whippings with A PEACHTREE switch. We miss you but I am sure you are already enjoying the wonderful new life that God had already planned for you when you were suffering the last few months so severely in the hospital and nursing home with alzheimers. I am sure our mother, Eltrym White Jackson, who can now see thanks to our Lord our sister, Janette Jackson Zukowski and our Grandparents, various Uncles,Aunts and cousins,and friends all greeted you with smiles of joy and love. tears of happiness. I pray that our entire Family, brothers, sisters, grandchildren, great grandchildren and all our descents join you one day according to God's plan for us. We miss you but this is not goodbye, it is we'll see you when God sends us to you Tell Janette, Ken, Mama and all the others we said hello and we love you all.*

“ Virginia was always kind and welcoming to all our us as cousins when we came to visit. She was the in charge person to all her brother and sisters plus the five (at that time) additional cousins. Her kindness and strength was a light that has connected me to "our family" over all these years. I am sure she has peace and joy now rejoined with our family that has gone before us. Diane that you for sharing this with me. Love, Norman
