“ I will never forget the summers spent down with uncle Bill. One summer we went to buy cattle and he let me go into the trailer and pick out a calf. Julie was the calf's name and she lived a very long life with him.

“ Spending hours on the phone listening to the stories Billy would tell. One of the funny ones was when a friend shot him between the eyes with a BB gun and his father took a pen knife to dig it out while he was screaming for his father to stop and leave it there. But his father keep going till it was out.
