“ *Bithel Wall, You were more than just a loyal and devoted friend, You were family to us and we were treated like yours. To you we were not Cliff, Laurie, Mallory, and Megan..we were Joe, Woman, Buggy, and Peggy Rae. Our hearts are heavy but filled with love for you. You have been there for us through heartache and happiness. When it came to the girls (and their pets, LuLu and Livi) there was no stopping you. You treated them as if they were your very own! You have made us laugh so many times especially if we came home to a phone message of a made up poem to LuLu and Livi. We have so many fond memories of Lake Collins, Daytona Beach, holidays, birthdays, graduations, hunting at Pappy's & Myrtle Springs, and Friday nights. Your mind was phenomenal. If we couldn't remember something, you sure could-every tiny detail! Our lives have certainly been blessed by you and you will always remain ever so close to us! We love you with all of our hearts...until we see you again dear friend in Heaven.*

“ The last time I saw Bithel was at a wedding in October 2013, and he made my day. We talked about old times and good friends. It was so wonderful to see him! My daughter, Ginny, reminded me of something he said to me that day. Bithel told me that he wished I had been his teacher in school, and maybe he would have had a better school experience because of it. That was the best compliment I could ever receive. The memories I have of Bithel are numerous, and when I think of him it will always warm my heart. He was a good guy, a good friend, and he will be missed.

“ While I didn't know Bithel well, I do know that he was well loved and will be missed. If we could all have a friend like him, the world would be a happier place.

“ *Bithel, you will surely be missed. There were two classes at Southland Academy that were very honored to call you their classmate -the Class of 1976 and the Class of 1977. Although you did graduate with the class of 76, you always attended our class reunions and it just wasn't the same if you didn't show up. So to us the Class of 76, you were one of our classmates and you always knew that. You will greatly be missed, your smile, your outlook in life, and most of all your caring and gracious friendship. WE will all be together again some day and I look forward to you standing at the Pearly Gates to open them for all of us.PS: Tell Jim Bo Bell hello for all of us, We will love and miss you always until another day....*

“ *I was privileged to have Bithel in my life as both a student and a dear friend. I still wear a sweet necklace that he gave me when he left my class. I loved his warm hug and his loving comments each time I saw him. I will truly miss him.*
