“ Please accept my condolences in the passing of Jean. I worked with Jean for many years at Merck, and she admired and respected for her knowledge of any area in which she worked. She often spoke at length about all of her children, and even though Melissa is the only child I remember meeting, I felt as if I knew them all. She was especially proud of her husband David, and the job he did keeping the house running so she could continue working as long as she did. David, I know you will miss Wilma Jean, but trust in the Lord that she is finally at serene peace. She's had some serious health issues for years, and she's never been one to complain about herself at work, but just looking at her face a person could tell the way she felt. Please believe that Jean was a loved and respected person, and we will all miss her.
