“ My heart goes out to Haden & Zack’s parents. He loved his family so much & was extremely proud of his son. Haden if you see this, I’m so sorry for your loss. We are here for you all if you need anything!

Zack was very special to me & I will forever hold a piece of him in my heart. It’s quite broken at the moment, but thinking positively, I’m glad to have had him in my life as it wouldn’t have been the same without him. We had a wild ride! He enjoyed comedy, playing music, going to concerts, adventuring, reading (we loved our books!), always loved to be among friends- we even had game nights & groups over weekly to watch our favorite shows..however, our bond was founded on our love of food & crass humor. He had so much personality that he could embrace his ethereal side, having a deep conversation about life & the cosmos, then in the next breath bring up a dirty joke that would have your sides hurting from laughing so hard. It was never a dull moment. As sad as this has made us all, I hope his soul can rest & precious memories are never forgotten. Here are many of my favorites.

See you on the next mote of dust, Zack. Love you forever friend❤️

“ Zach, it still doesn't feel real that you are gone. There are so many things I'll miss about you that I can't even begin to list them here. I met you years before but we really bonded when we started playing music together. We shared so much laughter and so many tears. You will always have a place in everyone's heart that was fortunate enough to know you. Tell Dave to save me a spot on the couch so we can watch Live Aid after practice!
